

# Catherine Egan Motion Designer

| Born 28/05/1992 | 07593021124 | catherineegan.co.uk | catherine\_egan@outlook.com |  
130 Crossacres Road, Wythenshawe, Manchester, M22 5BS

## Personal Statement

I am an enthusiastic Animator and Designer looking to work in an Agency that can benefit from my motion design abilities, and help me improve my skills.

As well as Animation, I have strong interests in Graphic Design, Illustration and Photography. I study these subjects in my spare time to broaden my knowledge and expand my portfolio work.

I love collaborating with other creatives and like-minded people on projects. To bounce ideas off others is something I thrive on, however I can work equally as well alone as in a group.

I take each brief seriously, and with attention to detail I make sure to see it through to its conclusion.

## Skills

- Toon Boom Harmony [Premium]
- After Effects CS5+
- Flash CS5+
- Premiere Pro CS6+
- Media Encoder CS6+
- Photoshop CS4+
- Illustrator CS5+
- InDesign CS5+
- iStop Motion
- Mac OSX/PC
- Nikon D3100
- Word
- Powerpoint

## Experience

### Flix Facilities

#### Animator & Illustrator

November 2016 - November 2017 [1 Year]

October - December 2015 [3 Months]

I've assisted Flix Facilities, by working on projects for Television Series, such as Treasure Champs and Raa Raa. My role consisted of setting up and animating scenes, prepping illustration assets from design to finished rigged props, editing motion graphics by de-rigging and keying green screen shots, and being the studio's art worker for small design projects.

### Aps Events & Media

#### Motion Designer & Illustrator

August - October 2016 [3 Months]

At aps, I helped with various projects surrounding pharmaceutical clientele. Working in tandem with the team, I constructed webcast motion graphics and encoded video data.

I also helped design multiple layouts for phone apps, illustrated vector assets and applied re-skinned artwork into 3D constructs. Additionally, I archived previous project data, updated archive logs, re-named and re-filed hard drive backups.

### Future Design Consultants

#### Assistant Animator

March - March 2014 [1 Month]

Being at Future, I worked on explainer motion graphics and illustrated assets for them. I collaborated with members of the Future team and helped see projects be completed before their' deadlines.

### Freelance Animation & Design

#### Animator & Designer

July 2013 to date [4 Years, 6 Months]

After I graduated from university, I began freelancing in animation and design. Since then I have created corporate info-graphic motion graphics, promotional videos, animations, design assets, banners, job proposal designs and more for businesses locally and across the UK.

### Noise Festival

#### Assistant, Animator & Editor

March - May 2013 [3 Months]

I helped Noise Festival with various tasks, managing administrative duties, aiding in manual labour and creating motion and design work for their' 'Your Creative Future' event, as well as content for their social platforms.

I also ensured that other creatives work of the Noise community was copy right protected before publicized online.

## Local Community Photographer

September 2012 to date [5 years 4 Months]

When requested, I attend community causes or family events local to me, where I am asked to take professional photographs. I then enhance them, applying watermarks and revisions. The events I have attended so far are dance competitions, prom, school plays, weddings and boxing bout shows.

---

## Education
